Program Facilitator

Community Based Services bring children and families together through programs and activities that support child development, strengthen parenting, and build connections with other families and the community.

Job Responsibilities:

- Facilitate group programs for children, parents and families
- Create welcoming, inclusive and engaging learning environments
- Share information and model practical child development and parenting strategies
- Support family engagement and connections to community resources
- Assist with program preparation, outreach and community events
- Complete required documentation and program statistics

Requirements:

- Diploma in Early Childhood Development, Family Support or a related field
- Experience facilitating groups and working with children and families is an asset
- Strong communication, relationship-building and facilitation skills
- Valid driver's licence and reliable vehicle
- High flexibility for evening and weekend programming

Based in Lloydminster & start ASAP

Benefits:

- Extended health, dental, disability and life insurance
- Group RRSP with employer matching
- Vacation, additional paid leave, and personal/family sick time
- Mileage and eligible expense reimbursement
- Professional development opportunities

Part-time and full-time options available
